

Build a Love Bug Dice Game

Print out, cut out and be the first to build a love bug!

How to play:

To play with friends - print out several copies and cut out Bug pieces ahead of time.

Each player has a set of Love Bug pieces. Players take turns rolling the dice. Each player must roll a 1 first to start building their Bug's body. Then the player must roll a 2, then place the part of the Bug pictured next to number 2 on the printable. Continue until your Love Bug is fully assembled!
